

Diet for Health & Higher Consciousness

[wp_cart:Diet for Health & Higher Consciousness:price:10.00:end]

“Perhaps no other activity has such a pervasive impact on our personal well-being and the well-being of the Earth as the act of eating. More than ever before we are asked to become conscious of our dietary choices as a means to evolving our consciousness, improving our all-round health and making a positive contribution to the welfare of Earth and its billions of creatures.”
