Prabhata Samgiita does not only mean songs written by Prabhat Ranjan Sarkar. The word prabhata also means “dawn”, so Prabhata Samgiita heralds the dawn of a new era of music. Shrii Prabhat Ranjan Sarkar used the charming and melodious medium of song to doubly ensure that the ideas in his discourses would penetrate the core of listeners’ beings and be translated thence into action. It is worth mentioning here that the author referred to his own Prabhata Samgiita songs in one discourse of this book, and also included one of his songs in another discourse.
