

# The Downfall of Capitalism & Communism

 The Downfall of Capitalism & Communism by Dr. Ravi Batra

This book was completely ignored when first published in 1978 by Macmillan Press in London because at the time communism seemed invincible. No one can ignore it now as the Berlin Wall crumbles before our very eyes and America sinks deeper into a vast ocean of debt.

350 pp. cloth ISBN: 0-939352-0905 Price: \$19.95
